By this submission, Applicants also do not represent that a search has been made nor that better art does not exist.

In addition, Applicants reserve the right to contend, as appropriate, that any information asserted against any claim(s) of the captioned Application is not "prior art" according to the facts and the law.

Applicants further reserve the right to present appropriate arguments and/or evidence to establish patentability over such information, should any citation listed below be applied against any claim(s) of the captioned Application.
